# Through Law's Eyes

## Select Works from the W.W. Law Art Collection

MARCH 31, 2016 - JANUARY 31, 2017

Through the King-Tisdell Cottage Museum and the

Beach Institute African American Cultural Center, W. W. Law worked to preserve and share the African American community's art, culture and history. Through these two Savannah institutions, Law featured the work of

emerging African American artists as well as artwork capturing local Savannah scenes. His personal collection of original artwork and prints reflects these efforts, as well as the personal friendships that came about from them.
