These prints, plans, foam core display boards, aerial maps, and large canvas banners cover various topics. The posters and banners were adhered to foam core board, printed on cloth material, or glued to poster board. The Municipal Archives did not retain the physical copies of every poster or banner, but digital copies are available for those items. Digital items are so noted on the attached inventories.

Of particular interest are the posters that depict general views of the Savannah landscape, the 1996 Olympic Games, community festivals, and City facilities and events.
