Although no action of City Council is required in this ordinance, this exemption information is included herein for purposes of clarity and completeness.

(A) Real Property Tax

(1) Pursuant to Georgia law and a public referendum (1988), the City of Savannah granted for 1989 and subsequent years a \$30,000.00 homestead exemption on the assessed value of the home of each resident owner who is 65 years of age or over or who is totally disabled if such resident's income does not exceed \$11,500.00 annually as declared for Georgia income tax purposes. Pension and Social Security income is excluded from this total to the extent that it is not subject to the Georgia income tax. Certain other exemptions are also provided by Georgia law.

(2) Pursuant to Georgia law and a public referendum (2000), the City of Savannah granted for 2001 and subsequent years a variable homestead exemption equal to the amount by which the current year assessed value of a homestead exceeds the base year assessed value, adjusted annually for inflation.

(B) Personal Property Tax

(1) **Level 1 Freeport Exemptions.** Pursuant to O.C.G.A. § 48-5-48.2, as it may be amended from time to time, all the following types of tangible personal property are exempted from ad valorem taxation at the rate of 100% within the City of Savannah.

- (a) Inventory of goods in the process of manufacture or production which shall include all partly finished goods and raw materials held for direct use or consumption in the ordinary course of the taxpayer's manufacturing or production business in the State of Georgia. The exemption provided for herein shall apply only to tangible personal property which is substantially modified, altered or changed in the ordinary course of the taxpayer's manufacturing, processing, or production operations in this state. For purposes of this section, the following activities shall constitute substantial modification in the ordinary course of manufacturing, processing, or production operations:

- (b) Inventory of finished goods manufactured or produced within the State of Georgia in the ordinary course of the taxpayer's manufacturing or production business when held by the original manufacturer or producer of such finished goods. The exemption provided for herein shall be for a period not exceeding 12 months from the date the property is produced or manufactured; or
- (c) Inventory of finished goods which, on January 1, are stored in a warehouse, dock, or wharf, whether public or private, and which are destined for shipment to a final destination outside the State of Georgia and inventory of finished goods which are shipped into the State of Georgia from outside this state and stored for transshipment to a final destination outside this state. The exemption provided for herein shall be for a period not exceeding 12 months from the date the property is stored in this state. Such period shall be determined based on application of a first-in, first, out method of accounting for the inventory. The official books and records of the warehouse, dock, or wharf where such property is being stored shall contain a full, true, and accurate inventory of all such property, including the date of the receipt of the property, the date of the withdrawal of the property, the point of origin of the property, and the point of final destination of the same, if known. - (d) As used in this section, the following words, terms and phrases are defined as follows:
- (i) Destined for shipment to a final destination outside this state means, for purposes of this Level I Freeport Exemption, that portion or percentage of an inventory of finished goods which the taxpayer can establish, through a

historical sales or shipment analysis, either of which utilizes information from the preceding calendar year, or other reasonable, documented method, is reasonably anticipated to be shipped to a final destination outside this state. Such other reasonable, documented method may only be utilized in the case of a new business, in the case of a substantial change in scope of an existing business, or in other unusual situations where a historical sales or shipment analysis does not adequately reflect future anticipated shipments to a final destination outside this state. It is not necessary that the actual final destination be known as of January 1 in order to qualify for the exemption.

- (ii) Finished goods means, for purposes of this Level 1 Freeport Exemption, goods, wares, and merchandise of every character and kind, but shall not include unrecovered, unextracted, or unsevered natural resources, or raw materials, or goods in the process of manufacture or production, or the stock-in-trade of a retailer.
- (iii) Foreign merchandise in transit means, for purposes of a Level 1 Freeport Exemption, any goods which are in international commerce where the title has passed to a foreign purchaser and the goods are temporarily stored in this state while awaiting shipment overseas.
- (iv) Raw materials means, for purposes of this Level 1 Freeport Exemption, any material whether crude or processed that can be converted by manufacture, processing, or combination into a new and useful product, but shall not include unrecovered, unextracted, or unsevered natural resources.

(e) Stock in trade of a fulfillment center which, on January 1, are stored in a fulfillment center and which are made available to remote purchasers who may make such purchases by electronic, Internet, telephonic, or other remote means, and where such stock in trade of a fulfillment center will be shipped from the fulfillment center and delivered to the purchaser at a location other than the location of the fulfillment center.

The exemption provided for in this section shall be for a period not exceeding 12 months from the date such property is stored in this state. Such period shall be determined based on application of a first-in, first-out method of accounting for the inventory. The official books and records of the fulfillment center where such property is being stored shall contain a full, true, and accurate inventory of all such property, including the date of the receipt of the property and the date of the withdrawal of the property. The official books and records of any such fulfillment center pertaining to any such property for which a freeport exemption has been claimed shall be at all times open to the inspection of all taxing authorities of this state and of any political subdivision of this state.

Section 4. TAX RATE

The ad valorem tax rate on real and personal property for the current tax year shall be determined upon State approval of the Chatham County Tax Digest and adopted by an ordinance to amend this ordinance.

Section 5. PAYMENT DUE DATES

(A) Real Property Tax. Any tax levied on real property shall be payable in semi-annual installments. The first installment shall be due on or before June 15 and the second installment shall be due on or before November 15 of the current tax year.

(B) Personal Property Tax. Any tax upon personal property may be billed in semi-annual installments. The first installment if billed shall be due on or before June 15 and the second installment shall be due on or before November 15 of the current tax year.

(C) Adjustment of Due Dates. The Revenue Director shall have authority to adjust or modify payment due dates and to eliminate the first installment billing should conditions warrant.

Section 6. PENALTY FOR DELINQUENT PAYMENT

In the event that any tax is not paid when due, the outstanding amount shall be subject to immediate execution. The execution fees and interest charge shall be as provided in O.C.G.A. § 48-2-44 and in O.C.G.A. § 48-2-40 and, if required for collection, the City Marshal may assess and collect levy administration fees to include court filing fees, advertising fees, title research and abstract fees, and such other fees as provided for by state law and local ordinance.

Section 7. RETURN TO COUNTY ASSESSOR REQUIRED

Each person liable for property taxes under this ordinance shall make a return to the Chatham County Board of Assessors on forms furnished by the Board and according to the regulations prescribed by the Board of Assessors.

Section 8. PUBLIC UTILITY PROPERTY TAX

Any public utility owning property which is assessed and allocated to the City of Savannah by the Chatham County Board of Assessors or by the Georgia Department of Revenue shall pay to the Savannah Revenue Department a tax at the millage rate adopted for real and personal property within the City.

Such tax shall be billed and shall be due and payable after assessments are certified by the Chatham County Board of Assessors. As a convenience to public utility companies, the annual tax may be paid in quarterly installments for the first three quarters of the calendar year, based on the previous year's assessment. In such case, the fourth quarterly installment will be the annual tax amount, based on the current year's assessment, less installments paid for the first three quarters. Within 30 days after notification of the assessment for the current year, and final billing of the tax by the City, the full tax for the year shall be due to the Savannah Revenue Department.

Section 9. INDUSTRIAL AREA PROPERTY TAX

Taxes are hereby levied at the rate of five mills on the dollar, or \$5.00 per \$1,000.00 in assessed value, on all lands and improvements located within industrial areas One, Two, and Three, as set out and described in the Acts of 1950, pages 444, et. seq. (*except Hutchinson Island annexed portions*) upon the assessed value of all land and improvements located within said industrial areas as determined and assessed by the Chatham County Board of Assessors. In consideration of taxes to be paid on real property within the said areas, the City of Savannah shall furnish water service at the prevailing rates and the services of the Fire Department.

Section 10. EXECUTION AND SALE OF PROPERTY UNDER CERTAIN CONDITIONS

Whenever the City Manager shall have reason to believe that any personal property subject to taxation is about to be sold or removed, or otherwise disposed of so that the City's lien for taxes may be jeopardized or defeated, then it shall be the duty of the Revenue Director to issue execution for the whole amount of the year's taxes due on said personal property and unpaid at that date. Said execution when issued shall be levied and the property sold in the same manner as though execution had been issued after default, as provided in ordinary cases for City taxes.

Section 11. WATER TRANSPORTATION DISTRICT TAX

Pursuant to City ordinance establishing a Water Transportation District, there shall be levied a special service district tax on property located in the Water Transportation District. This tax shall be based on the values assessed as lawfully determined by the Chatham County Board of Tax Assessors, and shall be taxed at a rate set annually by the Mayor and Aldermen which shall be in addition to the ad valorem tax millage rate as provided in Section 4 of this article. The tax rate on real and personal property for the Water Transportation District Tax for 2025 shall be .2 mills on the dollar (.0002) or \$.20 per \$1,000.00 in assessed value. This tax will be calculated on the net taxable assessed value after application of all allowable exemptions provided by local ordinance and state law. The Revenue Director will bill and collect this tax in the manner prescribed for property taxes as provided in Section 5 of this article.

ARTICLE C. SALES AND USE TAX

Section 1. LEVY OF TAX

The tax became effective on April 1, 1976. Although no levy of the tax by the City is required, affirmation of the County levy is included herein for purposes of clarity and completeness.

Section 6. ALTERNATE NEW EMPLOYER ECONOMIC DEVELOPMENT RATES

The City Manager is authorized to waive water tap-in, sewer tap-in, and water and sewer additional connection fees for economic development purposes for large employers which connect to the water and sewer system after January 1, 1998.

For purposes of this section, *large employers* means employers making new connections to the water and sewer system which reasonably expect, within one year of commencement of operation, to employ 200 or more full-time, year-round employees with medical and retirement benefits.

As a condition of such connection fee waivers, such large employers must enter into a water and sewer service agreement which will specify the conditions of the waiver, including agreement by the employer to be subject to the Alternate Large Employer Economic Development Rates for on-going water and sewer service.

In the case of new industrial employers which meet the usage requirements to qualify for Industrial Water Rates, the City Manager is further authorized, after approval by City Council, to enter into water rate agreements that provide for a fixed Industrial Water Rate during a temporary introductory period not to exceed three years in length. The Alternate Large Employer Economic Development Rates for water and sewer service are as follows:

Section 7. INDUSTRIAL WATER RATES

Any industrial water customer served by the City's surface water treatment plant (the "Savannah River Water System") requiring water at an average rate in excess of 1,000,000 gallons per day for 300 or more days in a year shall pay for the quantity of water used at a rate equal to the water production cost as hereinafter defined. Each such user shall be billed at the end of each calendar month for immediate payment at a rate equal to the estimated water production cost for the month, plus the cumulative total of any unpaid water production cost for the year to the date of billing if revised estimates at the end of any such calendar month should indicate that the customer has not been billed the full water production cost in any prior month. After each calendar year and prior to March 30, each such user shall receive a final bill for the year completed on the previous December 31 based on the actual water production cost for that year as determined by an audit.

The term "water production cost" for any given period shall be deemed to mean the sum of the following items on an accrual basis divided by the actual number of gallons delivered by the Savannah River Water System during such period:

(1) All payments to any Sinking Fund or reserve fund or other fund as may be required under any Bond Resolution adopted and approved to issue revenue bonds as a source of funds for capital expenditures for the Savannah River Water System.

(2) Interest and amortization to a maximum of \$20,000.00 per year, on money expended from CITY funds, other than the proceeds of revenue bonds, for necessary major repairs or replacements of water system facilities required to keep the system functioning reliably and efficiently at its 50 million gallon per day average rated capacity and which in accordance with good accounting practice would be capitalized. Interest and amortization on such monies shall be at the interest rate applicable to the most recent prior series of revenue bonds which served as a source of funds for necessary major capital expenditures for said water system, but the term of years applicable to amortization of the monies so expended shall be ten years.

(3) Interest and amortization on money expended from CITY funds in excess of the amounts which would result in \$20,000.00 annual charges for interest and amortization, and other than the proceeds of revenue bonds, for necessary major repairs or replacements of water system facilities required to keep the system functioning reliably and efficiently at its 50 million gallon per day average rated capacity and which in accordance with good accounting practice would be capitalized.

(4) Premiums on necessary insurance on said water plant, and

(5) The cost of operating and maintaining the water plant in a good state of repair, but excluding any item which in accordance with good accounting practice would be capitalized and excluding any item by way of depreciation or obsolescence.

The foregoing rates and charges have been determined by the Mayor and Aldermen of the City of Savannah to be reasonable in relation to the cost of producing water and providing water and sewer service and, with regard to the rates and charges specified in Sections 7, to bear a direct relation to the cost of producing and supplying water from the Savannah River Water System.

Section 8. REFUSE COLLECTION AND DISPOSAL FEES

(A) Regulatory Authority. The Savannah Code, Part 4, Chapter 2, Sections 4-2001 through 4-2034, sets forth the authority for regulating the storage, collection, and disposal of all solid waste in the City, and for levying and collecting refuse collection and disposal fees as provided herein.

(B) Refuse Fees. Fees and charges for collecting and disposing of solid waste within the City of Savannah are established as follows:

(1) Residential

(a) Solid Waste Fee. The residential solid waste collection and disposal fee for all residential property (other than commercial apartments) shall be \$40.77 per month per dwelling unit, \$81.54 per dwelling unit billed bi-monthly. Residential refuse collection and disposal is a mandatory government service for which payment of the fee provided herein is required.

(b) Collection Carts; Fees. The City will issue one refuse collection and one recycling cart to each residential unit free of charge for use in the curb-side collection program. There shall be a one-time non-refundable charge of \$50.00 for each container exceeding one requested by a resident. All carts issued by the City, including any such additional cart, shall remain the property of the City. There shall be a \$50.00 charge for each container which must be replaced because of damage caused by the resident or for which the resident is responsible. There shall be no charge for replacing a damaged cart when the resident did not cause or is not responsible for the damage.

(c) Cart Return Fee. A fee of \$25.00 per occurrence may be imposed for failure to remove roll-out refuse or recycling carts from the curb by 7:00 p.m. on the day of collection in accordance with the City of Savannah Code Section 4-2007(f).

(d) Recycling Cart Contamination Fee. The recycling cart contamination fee for all residents within the City limits shall be \$25.00 per occurrence following an initial courtesy notice. For the purpose of this section, contamination is defined as the placement of materials other than hard plastics (Numbers 1-7), aluminum, tin, or steel cans, paper, newsprint, magazines, junk mail, container glass, and dry cardboard in the recycling container for collection.

(e) Recycling Credit. Effective January 1, 2009, the Recycling Credit is repealed.

(2) Commercial

(a) Commercial Waste Collection Fee. A Commercial Waste Collection Fee shall be charged to non-residential property and commercial apartment's property owners or occupants at the rates prescribed below when such properties are served by City commercial containers. The applicable rate tier shall be determined by the aggregation of the container volumes served which are under common control of a single business entity. The City Manager is authorized to negotiate rates for governmental agencies on a cost basis.

The rates for Commercial Waste Collection services shall be as follows:

Aggregate Volume of Commercial Containers For a Single Business Entity	Fee per Cubic Yard
2 cubic yards to 15 cubic yards	\$4.75
16 cubic yards to 47 cubic yards	\$4.19
48 cubic yards to 95 cubic yards	\$3.72
96 cubic yards and above	\$2.92
School Board	\$2.30

These collection rates apply only to those accounts paying a disposal fee. The monthly or bi-monthly service bill amount shall be the product of the applicable rate tier, container size, and service frequency.

Occupants or owners of non-residential property which is not served by commercial containers because of low solid waste quantities generated, or the inability to locate a commercial container due to physical configuration of the property, will be served by the City using roll-out carts. The collection and disposal fee for such service shall be at the same rate as the residential solid waste fee provided in Paragraph B(1) above, charged in multiples on a per-cart basis.

(b) Collection Fee for Compactor Service

(i) Downtown Collection Zone. Pursuant to Savannah Code Section 4-2017, the solid waste collection fee for roll-off enclosed compactors located in the Downtown Collection Zone shall be \$7.00 per cubic yard of un-compacted container capacity, as determined by the Sanitation Department. The Downtown Collection Zone is bounded on the east by East Broad Street, on the west by Martin Luther King, Jr. Boulevard, on the north by Bay Street, and on the south by State Street.

(ii) River Street Collection Zone. Pursuant to Savannah Code Section 4-2017, the solid waste collection fee for roll-off enclosed compactors located in the River Street Collection Zone shall be \$7.49 per cubic yard of un-compacted container capacity, as determined by the Sanitation Department. The River Street Collection Zone is bounded on the east by East Broad Street, on the west by Martin Luther King, Jr. Boulevard, on the north by the Savannah River, and on the south by Bay Street.

(b) Commercial Waste Disposal Fee. A Commercial Waste Disposal Fee shall be charged to all non-residential property and commercial apartment property owners or occupants serviced by the City of Savannah at the rate of \$5.42 per un-compacted cubic yard.

(d) Private Refuse Containers on Public Property. A rental fee is established for placing privately-owned refuse containers (dumpsters, or other commercial refuse containers) in City lanes, rights-of-way, or on other public property within the City. The fee shall be \$10.00 per month or portion for each container; provided, however, that the fee for a newly-placed container during the first month and the fee for a removed container during the final month shall be \$5.00 if the container is in place for less than 15 days.

- No container shall be placed on public property without the prior approval and permitting by the City Mobility Planning, Engineering, and Permits Division.
- The Sanitation Department shall be responsible for determining the location and owner of such containers and for initiating monthly billing of fees.
- The Finance Department shall issue bills for container rental fees and the Revenue Department shall collect the fees. Failure to pay rental fees will result in denial or revocation of permits to locate any containers on public property within the City.

(e) Fees for Construction and Demolition Debris, Land Clearing Debris, and Bulk Container Service. Pursuant to Savannah Code Section 4-2020, the fee to contractors or responsible persons for construction and demolition debris (C&D), land clearing debris, and bulk container service provided by the City shall be \$30.00 delivery fee per container, \$325.00 per disposal pull, and \$46.00 per ton disposal fee. A \$10.00 per day rental fee will be applied when a container exceeds 30 working days without a disposal pull.

Upon delivery of a C&D or bulk container, the delivery fee and first pull fee must be paid (\$371.00 total). The customer will not be billed again until a request to have the container emptied is made. After the waste has been weighed the customer shall be billed a disposal fee. All fees shall be due and payable 30 days after receipt of bill.

Customers may also choose the "flat rate" option. This option is for small clean outs that will be 3 tons or less. The flat rate charge will be \$375.00 total for all size roll off containers with up to 3 tons included. The customer will pay the flat rate fee up front. Any tonnage over 3 tons will be billed at \$75 per ton and any container that sits over 30 days without disposal will be charged \$10 per day starting on the 31st day.

To ensure that the C&D waste program is successful and that all customers pay for services rendered, the Commercial Refuse Collection Administrator will attempt to enforce payment of all delinquent amounts due. The Commercial Refuse Collection Administrator is hereby granted authority to place any and all delinquent C&D waste charges which are past due for 30 days or more on the customer's utility bill.

(f) Billing of Solid Waste Collection and Disposal Fees. Owners or occupants of premises for which residential refuse service is available, whether a City refuse cart has been issued or not, and non-residential properties subject to fees in accordance with the provisions of this ordinance, shall be billed solid waste service charges bi-monthly in the same manner as water charges are billed.

(g) Payment Enforcement. Fees for *solid waste collection and disposal service* and for *solid waste disposal service* shall be due and payable in the same manner as charges for water service. The Revenue Department is authorized and empowered to discontinue the water supply of any dwelling unit or other establishment billed for said service when the charges remain unpaid after becoming due and payable, and to take other appropriate collection action, including placing a lien on the benefiting property and entering suit to collect. Any person who does not pay such service fees when due and payable and/or any benefiting property shall be subject to withholding/denial of any discretionary City service, benefit, permit, or contract.

(3) Refuse Dumping Fees. The disposal/tipping fee for any City-operated sanitary landfill shall be \$60.00 per ton. Additionally, a differential landfill dumping fee for tires, appliances, mixed loads, etc., shall be charged at the following conversion factors:

Truck tires	3.3 x Standard Fee	Appliances	1.7 x Standard Fee
Auto tires	3.4 x Standard Fee	Mixed Loads	1.44 x Standard Fee

City residents may use the Bacon Park waste transfer facility to dispose of normal household and yard trash free of charge. This facility is reserved for City residents to dispose of excess dry trash from their *own domiciles*. For the purposes of this section, *domiciles* is defined as a person's fixed, permanent, principal home for legal purposes. The term does not cover any other property owned by the resident.

(4) Special Trash Collection Fees

(1) Fee. This special collection fee shall apply to residential special trash collection services, unscheduled bulk item collection, yard waste in plastic bags, refuse cart overflows, unacceptable materials in recycling carts, yard waste in quantities exceeding the fifteen bag limit, or other services not provided as described under Savannah Code Section 4-2011 or taking more than five minutes to collect regardless of schedule.

(a) Residential. In accordance with Savannah Code Section 4-2011, fees for residential special trash collection service shall be based on crew hours required to make the collection as determined by the Sanitation Department. There shall be a minimum fee of \$50.00 for the first quarter hour of crew time and an additional fee at the rate of \$25.00 per quarter hour thereafter. There shall be a minimum fee of \$50.00 for unscheduled bulk item or special trash collection. (b) Non-residential. The fee for "special order" collections from non-residential, account holders shall be a minimum fee of \$100.00 for the first quarter hour of crew time and an additional fee at the rate of \$25.00 per quarter hour thereafter.

(2) Billing/Payment. Fees due for special trash collection service may be billed along with the fee for water service, and shall be due and payable under the same conditions as fees for water service.

(On February 26, 1998, City Council amended this Section 8 of the Revenue Ordinance of 1998 to make consistent with the Refuse Collection and Disposal Ordinance, Part 4, Chapter 2, Sections 4-2001 through 4-2034, and to establish amended rates, effective March 1, 1998.)

- (g) Governmental and foundation grants, charitable contributions, or the interest income derived from such funds received by a nonprofit organization which employs salaried practitioners otherwise covered by this Ordinance, if such funds constitute 80 percent or more of the organization's receipts.

(G) Business Location or Office. The physical location of a business. Location or office shall include any structure or vehicle where a business, profession, or occupation is conducted, but shall not include a temporary or construction work site which serves a single customer or project, nor a vehicle used for sales or delivery by a business or practitioner of a profession. A temporary work site which serves multiple customers is included in this definition, and any business operating at such location is subject to the requirements of this Article. All business locations must first obtain zoning approval from the Planning and Urban Design Department.

(H) Dominant Business Activity. The activity which is the major source of income of a business that conducts multiple activities. Such dominant business activity represents the largest percentage of business revenues but may not represent a majority of revenues. Businesses are classified according to dominant business activity.

(I) Practitioner of Profession or Occupation. A person who is licensed and regulated by the State of Georgia for engaging in a profession or occupation. For purposes of this Article, practitioners of a profession or occupation shall not include a practitioner who on an annual basis is an employee of a business and the business pays a business tax pursuant to this Article. Nothing in this Article shall be construed or interpreted as limiting or regulating the practice of any such practitioner of a profession who is licensed and regulated by the State of Georgia, nor as subjecting any such practitioner of a profession to any criminal sanction.

Section 4. BUSINESS TAX FEE STRUCTURE

(A) Base Tax. A non-prorated, non-refundable *flat-tax* component of the business tax, as provided in the Business Tax Schedule, Section 5 of this Article, shall be required on all general business tax accounts. Such base tax shall be included in the business tax amounts shown in the Business Tax Schedule.

(B) Business Tax

(1) A business tax shall be levied upon those businesses with one or more locations or offices in the corporate limits of the City and upon the applicable out-of-state businesses with no location or office in Georgia pursuant to O.C.G.A. §48-13-7, based upon gross receipts of the business or practitioner in combination with the profitability ratio for the type of business, occupation, or profession as measured by nationwide averages.

(2) Classification by NAICS. Businesses and professions within the City shall be classified by dominant business activity into occupation groups according to the classification structure set forth in the *North American Industry Classification System Manual*, published by the U. S. Government, Executive Office of the President, Office of Management and Budget.

(3) Business Profitability Classes. Businesses shall be assigned to profitability classes by the first two digits of the North American Industry Classification System

(NAICS) number. Profitability classes shall reflect business profitability ratios, as measured by nationwide averages derived from statistics, classifications, or other information published by the U.S. Office of Management and Budget, the U.S. Internal Revenue Service, or successor agencies.

<u>Profitability Class</u>	<u>Average Profitability Ratio</u>
A	Up through 3.00%
B	Over 3.00% through 4.00%
C	Over 4.00% through 5.30%
D	Over 5.30% through 7.00%
E	Over 7.00% through 13.50%
F	Over 13.50%

The six profitability classes are incorporated into the Business Tax Rate Schedule shown in Section 5 below.

(C) Business Tax on Professions. Each person engaged in the practice of a profession as described in O.C.G.A. §48-13-9(c)(1) through (18); each attorney; physician; osteopath; chiropractor; podiatrist; dentist; optometrist; psychologist; veterinarian; landscape architect; land surveyor; physiotherapist; public accountant; embalmer; funeral director; civil, mechanical, hydraulic, or electrical engineer; architect; marriage and family therapist, social worker, and professional counselor practicing such profession, whether individually or as a member or employee of a firm, partnership, or corporation, shall elect as such person's entire business or occupation tax one of the following:

(1) The business tax based on gross receipts combined with profitability ratios as set forth in paragraph B of this Section 4. If a practitioner elects to pay a tax based on gross receipts, all members and professional employees of the practitioner's firm must also elect to pay a tax based on gross receipts. In such case, the firm must list all practitioners and attach the list to a single business tax return for the firm.

(2) A fee of \$400.00 per practitioner licensed by the State, such tax to be paid only at the practitioner's principal office or location. A practitioner paying a fee according to this paragraph shall not be required to provide information to the City relating to gross receipts of the business or practitioner. If a practitioner elects to pay the per-practitioner fee, all members and professional employees of the practitioner's firm must also elect to pay the per-practitioner fee, in which case each practitioner may file a separate return and pay the flat tax, or the firm may file one return, attach a list of practicing professionals, and pay a tax totaling \$400.00 per professional.

This election is to be made on an annual basis and must be done by the business tax return due date each year.

No business tax on professions shall be assessed or collected from any practitioner of a profession whose office is maintained by and who is employed in practice exclusively

by the United States, the State of Georgia, a municipality or county of the State, or instrumentalities thereof.

Section 6. BUSINESS TAX RESTRICTIONS; REAL ESTATE BROKERS AND AGENTS

(A) Restrictions

(1) No business or practitioner shall be required to pay more than one business tax for each of its locations.

(2) No business tax will be required upon more than 100 percent of a business's gross receipts.

(3) No business tax will be required on receipts on which such tax has been levied in other localities or states.

(B) Real Estate Brokers and Agents. A business tax *shall be* required from real estate brokers and agents whose offices are located outside the City of Savannah and who sell property inside the City (O.C.G.A. §48-13-17). Any broker or agent who does business in more than one taxing jurisdiction shall allocate revenues among all such jurisdictions which levy a gross receipts tax. If any such jurisdiction does not levy a business tax based on gross receipts, then the gross receipts which would otherwise be allocated to such jurisdiction shall be allocated to the jurisdiction in which the business is physically located.

Each real estate sales agent is considered to be an independent agent and is liable for a business tax. Income generated by any such agent filing a separate return may be excluded from the broker's return pursuant to Section 3 (F)(b)(iii) of this Article. A real estate brokerage firm may, however, elect to include sales commissions generated by such agents in its gross income, in which case (a) the broker must list all agents whose revenues are included in its return, and (b) such agents are not required to file a return and pay a tax.

Section 7. BUSINESS TAX CERTIFICATE REQUIRED; FEE FOR DUPLICATE

No person shall conduct business from a location within the City without first registering with the City Revenue Department. Each location shall be considered a separate business for purposes of this Article. Upon payment by the business of required business tax, the Revenue Department shall issue a business tax certificate to the business. Additionally, if a business files an amended return and a new business tax certificate is required due to this filing, there shall be a \$25.00 fee to defray the cost of processing the amended return and the issuing of the amended certificate.

The business owner shall display such business tax certificate in a conspicuous place within the business premises, if the taxpayer has a permanent business location in Savannah. If the taxpayer has no permanent business location in Savannah, such business tax certificate shall be kept on the person or within the vehicle of the registered business.

Any business tax certificate shall be shown upon demand to any authorized employee of the Revenue Department, Police Department, or other City Department engaged in performing its authorized function. Any person who fails or refuses to show a business tax certificate upon demand of any authorized City employee shall be in violation of this Article.

Any business which is registered with the City and pays a business tax based on gross receipts in combination with profitability ratios shall be permitted to conduct its same business activities from a temporary site (a) during recognized public festivals and (b) with a group of registered dealers in a "show" arrangement, provided that any such temporary site shall meet all City zoning and building code requirements as evidenced by a *Certificate of Occupancy* issued by the Development Services Department. This provision shall not apply to alcoholic beverage dealers (Savannah Code §6-1216), nor to any other business regulated by the City.

Section 8. BUSINESS TAX RETURNS; PROCEDURES

(A) Return to be filed. All business taxes levied under this Article (except for professionals electing to pay a flat fee) are levied on the gross receipts of the current calendar year. However, for convenience of both the City and the taxpayer, each business subject to the business tax shall, on or before January 31st of the current calendar year, file with the Revenue Department a signed return showing the actual gross receipts representing the total actual income of that business during the preceding calendar year. This return shall be used to determine the final tax for the calendar year just completed and as an estimate of the gross receipts and business tax for the current year. The tax return for professionals shall show the election to pay either on gross receipts or a flat fee. Each business required by the State to hold a State sales tax identification number shall provide such number to the City on its business tax return form.

(B) Operation for part of preceding year. Where a business has been in operation for only a part of the preceding year, the amount of gross receipts for such part shall be reported in said return. The return shall also show a figure putting the receipts for such part of a year on an annual basis with the part-year receipts bearing the same ratio to the whole-year receipts as the part year bears to the whole year. Said figure shall be the estimate of gross receipts of the business for the current calendar year in establishing the business tax liability.

(C) New business. In the case of a new business which did not operate for any period of time within the City during the preceding year, the owner or other person liable for business tax shall estimate on an application form the gross receipts amount representing revenues from the date business is to begin within the City to the end of the calendar year.

(D) Payment of tax. Based on the gross receipts amount identified on the above-described return, each business shall determine the business tax amount for its profitability class from the Business Tax Schedule provided by the City with the return form. Such business shall submit payment of that tax amount along with the return by the due date prescribed by this Article.

(E) Underpayment of tax. If the amount of business tax paid for the preceding year based on the prior year's estimate is less than the amount of business tax due for the preceding year based on gross receipts reported on the current year's return, the difference shall be due and payable. The Revenue Department will calculate the additional tax due for the preceding year, using the tax rate for that year, and will issue a bill for that amount; provided, however, that in consideration of the costs of billing and collecting, no amount less than \$30.00 shall be charged but not billed. Any billed amount shall be due and payable within 30 days of the date rendered.

(F) Overpayment of tax. If the amount of business tax paid for the preceding year based on the prior year's estimate exceeds the amount of business tax due for the preceding year based on gross receipts reported on the current year's return, the difference is refundable to the taxpayer. The Revenue Department will calculate the amount of overpayment for the preceding year, using the tax rate for that year, and will initiate refund of that amount; provided however, that in consideration of the costs of processing refunds, no amount less than \$25.00 shall be refunded except upon specific written request.

Section 9. DURATION OF BUSINESS TAX CERTIFICATE

Each business tax certificate shall be for the calendar year, or the remaining portion thereof. Such certificate shall expire on December 31 of the year of issuance; provided, however, that a registered business may continue to operate on its previous year's expired certificate until the due date for renewal.

Section 10. DUE DATE

Business taxes and any applicable regulatory fees shall be due and paid in full to the City Revenue Department within 30 days following January 1st of each year and shall, if not paid by May 1st of each year, be subject to delinquency fees as prescribed in this Article. For any new business or profession that opens in the City during the year, the taxes shall be due and paid within 30 days following the start of business operations with the exception of those businesses or professions subject to regulatory fees. Businesses and professions subject to regulatory fees shall pay those fees before commencing business or the practice of a profession with the exceptions provided for in O.C.G.A 48-13-20 (c).

Section 11. DELINQUENCY FEES

Where registration and the filing of the business tax return and payment of business tax is past due and unpaid 90 days from the due date, a delinquency penalty of ten percent (10%) of the amount due shall be imposed from the due date, and interest shall be charged at the rate of 1.5% per month. Any new business or profession that fails to pay a business tax, as required in the previous section, shall be considered delinquent

and shall be subject to delinquency fees and interest charges, and other penalties provided herein. Delinquency fees for alcoholic beverage licenses shall be charged as provided for in the *Alcoholic Beverage Licenses* section of this Article.

Section 12. PENALTY FOR VIOLATION; COLLECTION BY CIVIL ACTION

(A) Business Tax. If any person, other than a practitioner of a profession as defined in Section 3, paragraph (i) of this Article, transacts or offers to transact business within the City after said tax becomes delinquent, such offender shall, upon conviction in the Recorder's Court of Chatham County, be subject to the general penalty as provided by the Savannah Code, Section 1-1013. Nothing herein shall be construed or interpreted as subjecting any practitioner of a profession who is licensed and regulated by the State of Georgia to any criminal sanction whatsoever, nor in any way limiting or regulating the practice of any such practitioner of a profession.

(B) Regulatory Fee. If any person, other than a practitioner of a profession as defined in Section 3, paragraph (i) of this Article, transacts or offers to transact business within the City without first having paid a regulatory fee when required by this Article, or if any such person transacts or offers to transact business within the City after said regulatory fee becomes delinquent, such offender shall, upon conviction in the Recorder's Court of Chatham County, be subject to the general penalty as provided by the Savannah Code, Section 1-1013. Nothing herein shall be construed or interpreted as levying a regulatory fee on or applying any criminal sanction to any practitioner of a profession who is licensed and regulated by the State of Georgia, nor in any way limiting or regulating the practice of any such practitioner of a profession.

(C) Collection by Civil Action. The Revenue Director may proceed to collect any business tax or regulatory fee levied under this Article in the same manner as provided by law for tax executions, and may use other civil proceedings to enforce payment.

Section 13. BUSINESS TAX ON BUSINESS WITH NO LOCATION IN GEORGIA

A business tax is hereby imposed on those businesses and practitioners of professions with no location or office in the State of Georgia if the business's largest dollar volume of business in Georgia is in the City of Savannah *and* the business or practitioner:

(1) pursuant to O.C.G.A. §48-13-7, has one or more employees or agents who exert substantial efforts within the City for the purpose of soliciting business or serving customers or clients; or

(2) owns personal or real property which generates income and which is located within the City.

Out-of-state businesses with no location in Georgia shall be assessed business taxes based on the gross receipts of the business as defined in O.C.G.A. §48-13-7 which are reasonably attributed to sales or services in the state of Georgia.

Section 14. ALLOCATION OF GROSS RECEIPTS OF BUSINESS WITH MULTIPLE INTRA- OR INTERSTATE LOCATIONS

For those businesses that have multiple locations inside and outside of the City where the gross receipts can be allocated to each location, the gross receipts used to determine the business tax assessed will be those gross receipts attributed to each location within the City. Where the dollar amount of gross receipts attributed locally cannot be determined in those businesses with multiple locations, the total gross receipts will be divided by the total number of locations in the City and elsewhere and allotted in an equal percentage of the total gross receipts to each of those locations.

Upon request, the business or practitioner with a location or office situated in more than one jurisdiction shall provide to the Revenue Department the following:

(1) Financial information necessary to allocate the gross receipts of the business or practitioner; and

(2) Information relating to the allocation of the business's or practitioners gross receipts by other local governments.

Where the business has locations outside of the City and taxation is levied by criteria other than gross receipts in the other local governments, the City shall not tax more than the allotted share of gross receipts for the local operation.

Section 15. EXEMPTION FOR NON-PROFIT ORGANIZATIONS

Pursuant to O.C.G.A. 48-13-13 (a)(5), as amended by H.B. 175, no business tax or regulatory fee is levied on any nonprofit organization operating within the City. A non-profit organization is defined as an organization which is classified as non-profit by the Federal Internal Revenue Service and is exempt from Federal income taxes under Internal Revenue Service regulations. The Revenue Department may require evidence of tax exempt status before exemption is granted. Exemption from registration and payment of business tax and regulatory fee does not exempt any such business from compliance with the City's zoning, building code, and other regulations.

Section 16. VETERAN'S CERTIFICATE OF EXEMPTION

Each person operating a business in the City of Savannah under a Veteran's Certificate of Exemption issued by the State of Georgia, Department of Veterans Service, shall before conducting such business file with the Revenue Department an application for a free business tax certificate on a form furnished by the Revenue Department. Such application shall provide the name of the veteran, location of the proposed business, and other pertinent information about the operations of such business. An application for a free business tax certificate shall be subject to the same conditions for approval as regular business tax certificate. No person other than the applicant may be employed by such business.

Section 17. VOCATIONAL REHABILITATION EXEMPTION

Each person operating a business in the City of Savannah as a client of the State Department of Education, Division of Vocational Rehabilitation, after being certified by such agency, shall before conducting business file an application for a free business tax certificate with the Revenue Department on a form furnished by the Revenue Department. Such application shall provide the name of the client, location of the proposed business, and other pertinent information regarding the operation of such business. Such application for a free business tax certificate shall be subject to the same conditions for approval as a regular business tax certificate. No person other than the applicant may be employed by such business.

Section 18. FREE PERMIT FOR CHARITABLE OR RELIGIOUS SOLICITOR, SOLICITOR FOR SUBSCRIPTIONS

Pursuant to the Transient Merchant, Peddler, and Solicitor Ordinance of 1980, the Revenue Department is authorized to issue a permit, as defined by Savannah Code Section 6-1602, paragraph (j), to any qualifying solicitor for charitable or religious purposes, as defined by paragraph (g) of said Code section, and to any solicitor for subscriptions, as defined by paragraph (h) of said Code section. Application shall be made on forms to be provided by the Revenue Department. Said permit shall be free of charge, except that there shall be a \$25.00 application fee to defray administrative costs of issuing a permit.

Section 19. ECONOMIC DEVELOPMENT CREDITS

Pursuant to O.C.G.A. §48-13-10(f), as amended by H.B.175, economic development credits against business taxes owed may be granted to one or more types of businesses or practitioners of occupations or professions as part of a plan for economic development for the purpose of attracting, encouraging, or maintaining selected types of businesses or professions. The Office of Business Opportunity may grant such credits according to established criteria of an adopted economic development plan. Economic development credits may take the form of a tax certificate issued by the Office of Business Opportunity setting forth the type and amount of business tax credit for a specific business or practitioner of an occupation or profession, and the year(s) to which such credits are applicable. The Revenue Department will grant any such economic development credits by reducing the amount of business tax due upon presentation and surrender of a tax certificate by a business or practitioner of an occupation or profession.

Section 20. EVIDENCE OF STATE LICENSING REQUIRED IF APPLICABLE

Each person who is required to be licensed by the State of Georgia pursuant to O.C.G.A., Title 43, shall provide evidence of proper and current state licensing before any initial City business tax certificate may be issued.

Section 21. EVIDENCE OF QUALIFICATION REQUIRED IF APPLICABLE

Any person required to obtain health permits, bonds, certificates of qualification, certificates of competency, or any other regulatory matter shall first, before the issuance of a City business tax certificate, show evidence that such requirements have been met.

Section 22. BUSINESSES NOT COVERED BY THIS ARTICLE

The following businesses are not covered by the provisions of this Article but may be assessed a business tax or other type of tax pursuant to the provisions of other general laws of the State of Georgia or by local law:

- (1) Alcoholic beverage establishments governed by Savannah Code Section 6-1201 and Section 30 of this Article.
- (2) Insurance companies governed by O.C.G.A. §33-8-8, et seq., and Section 31 of this Article.

- (11) Agricultural products and livestock raised in the State of Georgia governed by O.C.G.A. §48-5-356.

The Revenue Department may require any business claiming not to be covered by the provisions of this Article to provide specific and detailed evidence showing such non-coverage.

Section 23. BUSINESS TAX INAPPLICABLE WHERE PROHIBITED BY LAW OR PROVIDED FOR PURSUANT TO OTHER EXISTING LAW

A business tax shall not apply to the gross receipts of any part of a business where such levy is prohibited or exempted by the laws of Georgia or of the United States.

Section 24. GROSS RECEIPTS INFORMATION CONFIDENTIAL

Except for judicial or other proceedings necessary to collect the business tax hereby levied, it shall be unlawful for any officer, employee, agent, or clerk of the City, or any other person to divulge or make known in any manner the amount of gross receipts or the gross receipts bracket set forth or disclosed in any business tax return required under this Article, or the amount of business tax paid if based on gross receipts. Gross receipts information shall be confidential and open only to the officials, employees, agents, or clerks of the City using said information for the purpose of this business tax levy and collection of the tax. Independent auditors or bookkeepers employed by the City shall be classed as "employees" and told of this confidentiality requirement. Nothing herein shall be construed to prohibit the publication by City officials of statistics and other business information, classified and presented in such a manner so as to prevent the disclosure of the gross receipts of particular businesses. Nothing herein shall be construed to prohibit inspection of business tax records, including gross receipts information, by duly qualified employees of the tax departments of the State of Georgia, the United States, and other local governments.

Section 25. AUTHORITY TO ENTER BUSINESS

For the purpose of classifying business activity or otherwise administering this Article, the Revenue Department through its officers, agents, employees, or representatives shall have authority to enter any business premises at any reasonable time during regular business hours when said business is open to the public, or at another time arranged with the business.

Section 26. ADMINISTRATIVE AND ENFORCEMENT PROVISIONS; AUTHORITY TO REQUIRE FINANCIAL INFORMATION

If at any time the Revenue Department has reason to believe that the dominant business activity has changed or has been misreported, or that the gross receipts bracket has changed or has been miscalculated or misreported, the Revenue Department may require the owner, operator, or an officer of such business to submit an affidavit setting forth under oath the dominant business activity and gross receipts bracket determined according to this Article.

The Revenue Department shall have authority to require any business to provide a copy of the page or section of its Federal and/or State income tax return which shows gross income of the business, and to require that the owner, operator or an officer of the business certify under oath that such copy is true and correct. Any such required information shall to be limited to that which discloses gross business income and any

adjustments made to calculate the gross receipts reported to the City for business tax purposes.

The Revenue Department shall have authority to require any business to provide a statement from a licensed and practicing Public Accountant (who is not an employee of the business), such statement to set forth and certify the gross receipts, upon which the business tax is based, along with a full and complete explanation of any adjustments to gross receipts.

All financial information provided by a business under this section shall be subject to the confidentiality provisions of Section 24 above.

Failure to provide such financial information to the Revenue Department within thirty days if so requested shall be considered a violation of this Article.

If examination of the financial information provided by a business shows that a deficiency occurs as a result of under reporting, such business shall immediately pay the deficiency, plus a penalty of 10 percent of the past due tax amount and interest from the original due date at one and one half (1.5) percent per month.

Section 27. REGISTRATION FOR BUSINESS NOT COVERED IN SCHEDULE

When for good and sufficient reasons it may become proper to require registration for business tax purposes of any person, whether resident or non-resident, engaging or proposing to engage in business within the City, where such activity is not specifically included in the Listing of Business Types, the Revenue Director may establish and implement an appropriate business category and assign the profitability class appropriate for such business category.

Section 28. REQUIREMENT OF PUBLIC HEARING

The City Council shall conduct at least one public hearing before adopting any ordinance or resolution regarding the business tax.

Section 29. SUSPENSION AND REVOCATION

No business tax certificate nor regulatory license issued under this ordinance shall be subject to revocation by the Mayor and Aldermen of the City of Savannah unless or until the registered business has been notified of the intention to revoke the same and said registered business has been afforded an opportunity to be heard as to the proposed grounds for revocation; provided, however, that in case of denial, suspension, or revocation of any alcoholic beverage license, the provisions of the Savannah Code, Section 6-1207, shall apply.

(B) Application for New License; Pro-rating of License Fee. Any person wishing to manufacture, distribute, sell, dispense or offer to sell any alcoholic beverage shall apply for a license, meet all licensing requirements, including regulatory requirements, and be issued a license by the City before commencing business. Application for a new business tax certificate and payment therefore shall be made to the City Revenue Department on application forms provided by said department.

A new license applied for after January 1 may be pro-rated by month; provided, however, that no alcoholic beverage license fee shall be pro-rated to less than one-quarter of the annual fee; and provided, further, that the license fee shall not be pro-rated for any business which held an alcoholic beverage license during the previous year, whether used continuously or part of the year. Sunday Sales Permit fees and Underage Permit fees shall not be prorated.

(C) Duration of License. Each alcoholic beverage license issued under this ordinance shall be for the calendar year, or the remaining portion thereof, and shall expire on December 31 of the year of issuance.

(D) Renewal of License. Each alcoholic beverage dealer who was licensed to

engage in business within the City in the previous year and continues to transact or offer to transact such business in the current year shall pay for and renew such license by January 15 of the current license year. The Revenue Department is authorized to require that the business tax renewal be submitted along with the annual alcohol renewal application as a condition of licensing.

(E) Penalty for Delinquency. Any person manufacturing, distributing, selling, dispensing or offering to sell any alcoholic beverage who does not renew his or her license by the due date required by this ordinance shall be subject to a delinquency fee of the greater of \$50.00 or 25 percent of the amount due, plus other penalties as may be imposed by the Recorders Court of Chatham County-Savannah. Any such person shall stop dispensing alcoholic beverages as of midnight on January 15. Any license not renewed and paid in full by January 30 will be declared to be inactive and a license shall not be issued to that same entity at that location until the delinquency fees have been paid and a new license application with all fees and necessary documentation is submitted and approved by City Council.

(F) Alcoholic Beverage Permit for Temporary Event. Temporary events requesting permitting of alcoholic beverages must meet the requirements of City Code Section 6-1223, as amended.

(G) Alcoholic Beverage License Application Fees. Each applicant for an alcoholic beverage license shall pay a fee according to the following schedule:

Type	Fee
Liquor (per each license class)	\$300
Malt Beverage (per each license class)	\$150
Wine (per each license class)	\$150

Application fees shall be paid cumulatively at the time application is submitted. After an application for a new license has been submitted, the application fee shall not be refundable in any portion, even if the license is not issued.

1. Refund of License Fees. In any case when an alcoholic beverage license fee has been paid and a business has transacted or offered to transact commercial activities and then voluntarily terminates such activities, a portion of the license fee may be refunded, pro-rated by month, upon request of the business; provided, however, that no such refund shall exceed three-quarters of the annual license fee; and provided, further, that no refund shall be granted to any business which took out a license in the current or previous year and did not operate continuously as an alcoholic beverage establishment during that year.

In any case where an alcoholic beverage license fee has been paid and license issued, but the business does not open to the public nor offer to transact business within the City, refund of 90% of the annual license fee may be granted upon request of the license holder. If the license fee has been paid and the applicant requests termination of the application process and refund of fees before the license has been issued, 100% of the license fee may be refunded. No portion of application fees is refundable.

2. Suspension and Revocation. No alcoholic beverage license issued under this ordinance shall be subject to revocation by the Mayor and Aldermen of the City of Savannah unless or until the licensee has been notified of the intention to revoke the same and said licensee has been afforded an opportunity to be heard as to the proposed grounds for revocation; provided, however, that the provisions of the Savannah Code, Section 6-1207, shall apply.

Section 31. INSURANCE LICENSES

Not being covered by the provisions of O.C.G.A. §48-13-5 through §48-13-26, insurers are to be licensed by the City as follows:

(A) Life Insurers. There is hereby levied an annual license fee upon each life insurer doing business within the City in the amount of \$150.00. For each separate business location in excess of one not covered by the following paragraph, which is operating on behalf of such insurers within the City, there is hereby levied a license fee in the amount of \$150.00. As used in this section, the term "insurer" means a company which is authorized to transact business in the class of insurance designated in subsection 1 of O.C.G.A. 33-3-5.

(B) Loan Protective Live Insurers. For each separate business location not otherwise subject to a license fee hereunder which is operated and maintained by a business organization engaged in the business of lending money or transacting sales involving term financing, and in connection with such loans or sales, offers, solicits, or takes applications for insurance through a licensed agent of a life insurer for life insurance, said insurer shall pay a license fee of \$52.50 for each such location within the City.

(C) Casualty Insurers. There is hereby levied an annual license fee upon each fire, surety, liability, and casualty insurer doing business within the City of Savannah in the amount of \$150.00. Pursuant to O.C.G.A. 33-8-8, a license fee of \$150.00 shall be levied for each separate business location which is operating on behalf of such fire, surety, liability, and casualty insurer within the City of Savannah. For the purposes of this section, the term "insurer" means any insurance company transacting business in any class of insurance other than the class of insurance designated in subsection 1 of O.C.G.A. 33-3-5.

(D) Independent Insurance Agencies. An annual license fee is hereby levied upon independent insurance agencies and brokers in the amount of \$150.00 for each insurance company represented at each location where an insurance business is conducted within the City of Savannah. Each broker, agency, agent, or sub-agent issuing, signing, or countersigning certificates of insurance for any insurance company shall be deemed an agent of such insurance company and shall pay the license fee specified in this ordinance for such insurance company when the company itself does not pay the said tax. In any case where an insurance business may not have an agency contract with any insurance company, the minimum license fee shall be \$150.00. Any insurance company separately licensed by the State of Georgia shall be deemed an insurance company for purposes of this ordinance.

(E) Due Date for Insurance License Fees. Licenses imposed by this ordinance shall be renewed and fees shall be due and payable by January 31. Any insurer who shall become liable for a business license at any time during the year shall, before commencing business, apply for and take out the required license and pay for the same.

Section 32. BUSINESS TAX ON BANKS

Not being covered by the provisions of O.C.G.A. §48-13-5 through §48-13-26, a business tax is hereby levied on depository financial institutions ("banks") as follows:

(A) Levy of Business Tax on Financial Institutions. Pursuant to O.C.G.A. §48-6-93, there is hereby levied a business tax upon each state and national banking association, federal savings and loan association, state building and loan association, and other depository banking institution doing business from one or more locations within the City of Savannah.

(B) Rate; base. The business tax rate on any depository financial institution subject to this tax shall be 0.25 percent of gross receipts of said institution during the calendar year immediately preceding the year for which the tax shall be due; provided, however, that the minimum amount of business tax due from any depository financial institution shall be \$1,000.00. Gross receipts shall mean gross receipts as defined in O.C.G.A. §48-6-93.

(C) Filing of Return; Due date. Each depository financial institution subject to this tax shall file a return of its gross receipts with the City Revenue Department on or before April 1 of the year following the year in which such gross receipts were measured. Said return shall be in the manner and in the form prescribed by the Commissioner of the State Department of Revenue, and shall be based upon the allocation method set forth in O.C.G.A. §48-6-93, Subsection (d). The tax levied pursuant to this ordinance shall be assessed and collected based upon the information provided in said return.
