Reactivation of School Zone Speed Cameras in the City of Savannah 2025-2026

Savannah – The Savannah Police Department reminds the City of Savannah of the upcoming reactivation of school zone speed cameras for the 2025-2026 school year. These details are all available on the SPD website at savannahpd.org/school-zones.

See below for dates of activation:

- **August 4, 2025:** Savannah-Chatham County Public School Zones
- **August 5, 2025:** Savannah Classical Academy
- **August 11, 2025:** Susie King Taylor Community School

Cameras will operate **45 minutes before school begins**, remain active throughout the official school day, and deactivate **30 minutes after dismissal**. This aligns with state law, which permits enforcement from one hour before instructional hours begin until one hour after they end.

Cameras are only active on **school days**—no citations will be issued on holidays, weekends, or emergency closure days (e.g., storm days).

Please be advised of the following new and retired camera locations:

- The camera at the former **Shuman Middle School** on Goebel Avenue will be **removed** and will no longer enforce a school zone.

- A camera has been added at **A.E. Beach School Zone**, set to go live on **August 4, 2025**. A 30-day warning period will precede full enforcement, with citations beginning **September 3, 2025**.

Per Georgia law, citations are issued only when a vehicle exceeds the posted school zone speed limit by **11 mph or more**.

Initial violations are **\$100.00 for a first violation and \$150.00 for a second or any subsequent violation**.

Since citations are classified as civil rather than criminal, **no points** are placed on driver records, and insurance is not affected.

Citations can be paid at violationpayment.net or by calling **1-855-252-0086**

Affected vehicle owners may **contest a citation** by requesting a hearing before a judge.

The hearing can be requested at violationpayment.net or by calling **1-855-252-0086**.
