SAVANNAH, GEORGIA—The Armstrong State College fountain is a popular gathering place for many of Armstrong's 3000 students. Stately white columned buildings provide a perfect backdrop for azaleas, dogwood and majestic Georgia pines. Armstrong State is a state supported senior college offering associate, baccalaureate and graduate degrees in the arts & sciences, teacher education and the health professions.

Armstrong State College was established in 1935 as a city junior college. Important progress was made in 1959 when it came under state control as a unit of the University System of Georgia. No longer a junior college in 1964, the curriculum went on a four year, degree-granting status. This attractive campus, covering 250 acres, was opened in January 1966. Armstrong continues as a commuter college.
