Verification of placement of sign

Whereas, the below signed or his agent, hereinafter referred to as the "Developer", has contacted underground utility co-locate "Dig Safe" (1-800-282-7411) to verify all underground utilities. In addition, the Developer has verified all rights-of-ways, easements and setbacks, to include the City's forty (40) foot sight distance miter at all intersections (Code 8-3013). The Developer agrees he/she has field verified all above requirements and the proposed sign is not within the required rights-of-way, setback or sight distance. All existing utilities will be protected and not interrupted during the installation of the sign unless previous arrangements have been made. No trees within the City's ROW shall be harmed through the installation of any sign or the installation of any conduit necessary to run power to any sign (i.e. no pruning of a tree's canopy or cutting of any roots over 1" in diameter) and all digging within the drip line of all City trees must be done by hand. Repair costs associated to any damages of City's property will be the responsibility of the Developer.

Sign as obstacle for repair

If the sign is an obstacle for repairing or maintaining any infrastructure the Developer renders the City of Savannah harmless of any claims and damages to maintain infrastructure to include removal of the sign (8-2025). The Developer is responsible for the expense of removing and permitting the relocation of replacement of the sign and any other associated costs which may include the reimbursement of cost the City's incurred to remove the sign. The Developer accepts the above responsibilities and will convey this agreement to future building owners and/or tenants by recording this Sign Permit Agreement with the property deed at Chatham County Court house: Chatham County Superior Court, 133 Montgomery Street #304, Savannah, GA 31401. Contact number: (912) 652-7197.
