Current Crime Prevention Strategies.pdf;

City Council—

I hope this email finds you well. I wanted to share the attached briefing memo to me from SPD on the ongoing law enforcement strategies and collaborations happening here in the city of Savannah, and specificity in the 2nd District. As detailed in the attached memo, our efforts continue to focus on enhancing public safety through various initiatives and partnerships with local, state, and federal law enforcement agencies. Further, please note that SPD has a long history of collaboration and coordination with other local LEAs, including CCSO, in special operations.

We have been working diligently to address key issues within our community, including crime prevention, community relations, and the implementation of innovative technologies to support our law enforcement officers. Our collaborations aim to foster stronger relationships with the community, improve response times, and ensure a coordinated approach to tackling crime.

Please take a moment to review the attached memo for a comprehensive overview of our current strategies and progress. Should you have any questions or require further information, do not hesitate to reach out.

Thank you for your continued support and commitment to making Savannah a safer place for all. Please contact me or Chief [@Lenny_Gunther](#) with any questions.

Sincerely,
Jay Melder
City Manager
